

Extended Home Living Services, Inc.

(847) 215-9490

www.ehls.com

Since 1991, EHLS is a consulting and contracting service to make homes or places of work more accessible.

Mission: Provides a complete line of accessibility equipment and remodeling services that can eliminate the obstacles restricting freedom for people in Northern Illinois.

Services:

- Uses recommendations from physicians and therapists to develop an individualized plan to address accessibility modifications or alternative options.
- Provide information regarding potential funding resources and assist when advocacy is required.
- Continue to consult with clients throughout the coming years to stay apprised of any changes in needs and act accordingly.
