Enhancing Activity & Independence  
We provide solutions for individuals who may face challenges with mobility in their home.

Mission: To provide our clients with a home environment that allows the client to live independently as possible. We provide a Home Evaluation to determine mobility issues and tailor a plan to address these issues. The mobility plan includes design, equipment requirements, installation, and service of equipment..

Specializing in Accessibility:      Installation and Service for Dealers and Clients  
Twelve Years of Experience  
Licensed and Insured
